How to get the most out of this report

Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

UNDERSTANDING THE REPORT STRUCTURE

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card(s), and Decanate Ruling Card. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Ruling Cards do not have Environment and Displacement Cards each year. These are the A♠, 2♥, 9♥, J♥, 8♠, 7♦ and K♠. If one of your personal signifiers is one of these cards, there will not be a page about these in those sections.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

YOUR SIGNIFIERS

Your birthday associates you with one of the 52 playing cards. That card, called the Birth Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important are our Planetary Ruling Card(s) and Decanate Ruling Card. Both are derived from our Sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology.

HOW TO LOOK UP PEOPLE YOU KNOW FOR THIS YEAR

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

STEP ONE - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

STEP TWO - Determine their Ruling Cards. The Planetary and Decanate Ruling Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. The Planetary Ruling Card can be found in the Love Cards book. As the person you got this report for for the Decanate Ruling Cards, which are a bit more complex to determine. And keep in mind that some people have neither of these.

STEP THREE - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling and Decanate Ruler of each person, if you know them. These additional personal signifiers will give you more cards to look for.

The Relationships LookUp Table on the next page will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal signifiers shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3♥ female and you happen to have that card in your Mars Period along with a 5♦. This 3♥ is one of your friend's personal signifiers and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5♦ suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3♥ friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

SOME TIPS FOR GETTING MORE FROM THIS REPORT

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.

2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.

3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.

4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.

STEP FOUR - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships Lookup Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.)

How to get the most out of this report

5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of The Cards of Your Destiny by Robert Lee Camp, available from Amazon.com and 7thunders.com. His other book, Love Cards, is also highly recommended, and also available.

All About Jasmine Woods

The Six of Clubs Person

The Card of Higher Purpose

This card is also known as the psychic card and it is surprising to see how few of the people of these birth dates are aware of their gift. The Six of Clubs also means responsibility to truth. These people must learn to find a system of truth that they can believe in and live their life by. Once attained, there is no limit to how much good these people can do in the world.

Those who have not yet found their path can be the biggest worriers and procrastinators of all the cards in the deck. They have a responsibility to maintain inner balance and peaceful communications with those in their lives. They often attain financial affluence and have inherent protection over their lives. This is one of the cards that can attain the highest degree of material or spiritual success. On the other hand they can get caught up in their complacency and never amount to anything.

As the card of 'responsibility of the spoken word' the Six of Clubs always has issues about what they say and what they do as a result. I have seen some of them profess the truth for years while secretly keeping their own lies. In all such cases, their lies catch up with them sooner or later with dire consequences. The high side Six of Clubs always practices what they preach and are careful about what they say.

Some Six of Clubs have a special mission in their life, one that involves bringing others to the threshold of some ancient and powerful truth. These are the bringers of light. Once they tap into their hidden reserves and their natural intuition is recognized, they find their lives guided and protected from the highest sources possible.

Some of the Six of Clubs Issues Concerning Relationships

Six of Clubs love to be in love and have relationships but often there are some childhood issues that impinge on their ability to choose wisely. Love is important to them. The women make good wives and mothers while the men are often dominated by certain women in their life. They have good marriage karma and usually have at least one very good marriage in their life.

Whether they do it early or later in life, they will one day face the emotional issues connected to their childhood and for that time, there will be challenges. Their love nature is strong and pure and it always finds the way through the trying times.

Their notions about love and marriage tend toward the idealistic and romantic sides. For this reason they will often encounter disappointments when these dreams clash with reality.

All About Jasmine's Other Ruling Cards

The card(s) listed below are other ruling cards for the person in this report. They are just like the Birth Card and show a different side to this person's personality and karmic expression. In truth, they are just as important as the Birth Card and some individuals express themselves more through one of these cards than their Birth Cards at times. Thus a close study of these cards would be appropriate to having a more complete understanding of this person. Brief descriptions are given here, but just keep in mind that the total person is a combination of all of these cards and that each of them, along with the Birth Card, finds its expression in them.

Jasmine's
Planetary Ruling
Card

Queen of Hearts as Your Planetary Ruler

This ruling card accentuates the motherly side of your personality, encouraging you to be a caretaker of others, especially anyone that you consider to be your 'children'. However, your children could be your friends or even those that work with you. You would make a wonderful parent in any case. This is also a card of appreciation for art and beauty and often bestows some artistic or musical ability upon its owner. One challenge associated with this card is to avoid getting into co-dependent relationships. The Queen of Hearts can get involved with saving others, which doesn't work well in personal relationships. This card increases your potential for great success in your life, especially if you have clear goals and directions. You could do some work that helps many people.

The Life Spread Card governing your current 13-Year Period

Your Current 13-Year Period began on: 4/28/2018

And ends on: 4/28/2031

Your Thirteen-Year Ten of Clubs Period

This period of your life is likely to bring measurable success in one of the mind-related fields or endeavors. This could be school, publishing, teaching, or other areas where large groups are benefiting from your talents and mental brilliance. Recognition for your talents and efforts are common when this card is present. Expect to rise up and be noted during this period. In whatever age you are, you are going to be noticed and applauded for your talents and abilities. This is going to be a time of your life that you will remember as being fun and rewarding, for the most part.

You may find a certain person plays an important role in your life during this period. This person would likely be of the Spades suit, either Birth Card or Planetary Ruling Card. They would be someone who would play either the role of the 'thief' or of a spiritual teacher. In the former this would likely be a person that would do things that were immoral or just wrong from your point of view. If the latter, this person would serve to introduce you to higher concepts which would broaden your perspective on life and spirituality. In some cases, these two apparent opposite influences would be found in the same person.

Essentially, the Ten of Clubs is the card of the 'teacher'. It means spreading knowledge or information to large groups of people. This is a great card for those in the publishing, radio or television businesses where much information is being distributed to large numbers. You may take the role of teacher in one form or another during this special time in your life.

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

The Long Range Card for your Current Seven Year Period

Your Current 7-Year Period began on: 4/28/2020

And ends on: 4/28/2027

The King of Spades as Your Seven Year Long Range Card

This is likely to be a hallmark period for you, one in which you can accomplish most anything you set your mind to. It is highly recommended that you set high goals for yourself this year to take advantage of this once, or at most twice, in a lifetime influence. Most people will never actually experience having this card for seven years. Consider yourself very fortunate to have this.

The $K\spadesuit$ is considered the most powerful card in the deck as far as material mastery and accomplishment is concerned. All legal and work matters should go your way and you can proceed with confidence in any direction you choose. To get the most from this influence, find an area where you can take responsibility and assume the role of leader in some way. The sky is the limit. You can master new or existing situations, given the highest gift of mastery possible. Use it wisely.

It should be mentioned here that the power and success indicated by this card will only manifest itself to those who are ready and willing to also assume the responsibility that is implied here. For example, this could mean that you would have to be a leader of some sort, or have your own business to get the most out of this powerful card.

Look to these cards for major themes and influences that will essentially dominate your attention this year.

Each of these three to five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

A general description of each of these five cards is as follows:

1. The Long Range Card - this card signifies what or whom is a major focus of your attention. Remember that this card is generally not positive or negative, just represents where your attention is focused.
2. The Pluto Card - this is something or someone who is challenging you this year, to make a change in your life. Sometimes it represents a goal you have that will cause this change.
3. The Result Card - represents a blessing that occurs as the current year draws to a close. If it is the card of someone you know, there is a strong chance you will be together with them in a significant way by your next birthday.
4. The Displacement Card - not every card has this, but most do and it signifies where you must put your energy this year to achieve more positive results in your life. Be ready to give to this card.
5. The Environment Card - again, most cards have this, but not all. It represents a helpful positive influence in your life this year. Allow this blessing to come to you.

NOTE: Only the family of 45 cards have Environment and Displacement cards each year. If your card is one of the family of seven (A♠, 2♥, 7♦, 8♣, 9♥, J♥, or K♠), you do not have these cards in your spreads. There are important reasons for this but mostly it is because your card is considered 'fixed' and does not move about like the family of 45.

Your Long Range Card This Year In Your Birth Card's Spread

The Four of Spades as the Long Range Card

The 4♠ tells us that this will be a year of satisfaction in matters of work and health. Recovery from illness and any work-related problems can be expected under this influence. You will feel like getting 'solid' in most areas of your life. The words foundation, structure, and security become more important, along with the ability to create these in your life.

Your work and health should be good. This card actually can indicate recovery from some kind of health problem. The only possible negative effect of this influence would be a resistance to change and stubbornness. However, this same resistance is the strength that is bringing you so much satisfaction now. This year is a blessing in many ways, as well as a time to lay a secure foundation for the future.

The 4♠ often appears when someone is going to purchase a new home, or to settle down. It can mean couples deciding to live in the same house or even to establish a new family. Having a place you can call home might actually end up being the major focus of your attention this year. In this position, it would be considered a good omen for just that.

Keywords:

A year of good health, solid home and work situations. A year of strength and satisfaction in almost all matters. Hard work brings me many rewards.

Your Pluto and Result Cards This Year In Your Birth Card's Spread

The Jack of Spades as the Pluto Card

As you can see by the keywords, the Jack of Spades has many different meanings and possible ways of expression. You should be on the alert for all of them because one or more is definitely present for you this year. With the Jack of Spades one should always be cautioned about the possibility of being ripped off in some manner. Extra care should be taken in your affairs, relationships and with the care and keeping of your belongings. However, this may be a year when you are making many efforts to develop your creativity, whether this be through one of the arts or just in general. The Jack of Spades is also called the 'Actor Card' and it may signal a year when you are devoting a lot of your energy to being more successful in one of the creative arts or on the stage.

On another level this year could bring you a new beginning in terms of your spiritual beliefs. You could join a new religion or spiritual group of some kind and this may challenge you to change many areas of your life. Whatever the case, this is a powerful year for you with the Jack of Spades in such a prominent position. Your Result Card will further describe this major challenge or transformation this year or tell you who is involved in it.

The Pluto and Result Cards together represent the challenges of the year and those things and people that will transform us.

But as the year progresses and we meet these challenges, the Result Card turns into a blessing, a reward that we reap for the work we have done.

Affirmation:

I transform myself to higher levels of living and being. I become more creative and expressive, while at the same time learning the value of truth and honesty.

The Four of Hearts as the Result Card

This is a strong indicator of marriage before your next birthday. At the least you should find yourself in a satisfying love partnership before year's end. Stability in love and just having an abundant supply of love will be some of the results of your efforts this year. You may even find yourself refusing love at times because you are full. Your Pluto Card will further specify the changes you must make to achieve this stability or tell you who you will marry.

No matter just how challenging your Pluto Card may be this year, this card guarantees that everything will come to a happy and satisfactory conclusion and that you will end up this year feeling emotionally sound and secure, and probably in a very good relationship.

The Result Card is the powerful blessing at the end of the year and when someone's card appears there, it makes for a very strong chance of your ending up with them in some significant way.

Affirmation:

I develop stability in my closest relationships. I am creating family or marriage. I end up married this year.

Your 52-Day Mercury Planetary Period Cards In Your Birth Card's Spread

Begins on 4/28/2022 and ends 6/19/2022

About the Mercury Period Cards

The Mercury Period is the one that always begins on your birthday each year. During this period, the focus is usually on communications, short trips here and there, educational pursuits, or the affairs of siblings and other family members. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Mercury Period Cards are usually of little consequence since Mercury itself is such a quick-moving influence. Therefore, events under Mercury will usually be short-lived, quick or sudden.

The Six of Spades in the Mercury Period

During this period you can expect steady employment, steady health, and the steady pursuit of educational goals. However, you could stay unemployed if you already are when you begin this period. At the same time, you will be encouraged to be responsible in your communications with others at this time and to make compromises to maintain peace and achieve your goals. Be aware of what you say and how you say it, or others may have to point it out for you.

Direct

The Three of Hearts in the Mercury Period

Don't be surprised if some situation comes up unexpectedly during this period that leaves you perplexed about love or friendship. You may receive two offers at once or someone new comes in that you find immensely attractive and gives you some cause to doubt your existing relationship. This is also an influence that means immaturity in love and fickleness of the affections. Don't let your mind run away with your heart now. It may be hard to catch later.

Your other Mercury Card may indicate the person or situation in which you are feeling indecisive about. The good side of this card is that you have the desire and motivation to meet new people and to express your feelings, especially feelings of love and affection. This is a great influence for getting socially involved and making new contacts in either work or pleasure areas.

About the Venus Period Cards

The Venus Period is the one that always begins 52 days after your birthday each year. During this period, the focus is usually on home and family matters and affairs of the heart. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Those who are in a profession that involves beauty products or any one of the arts should read their Venus Cards as general indicators of the success or failure of those types of businesses.

Direct

The Two of Clubs in the Venus Period

You are most likely to be attracted to those with whom you can share intellectual pursuits and this may stimulate you to join a group with this sort of focus in mind. You don't want to be alone now and this will motivate you to be more socially involved. In your love relationships you will be attracted to those with whom you can communicate as well as share common interests of the mind.

Vertical

The Nine of Clubs in the Venus Period

This card is one of disappointment, either with friends or with someone you love dearly. Disloyal or uncooperative friends could be a source of much heartache. Your own personal plans and projects could be sacrificed as a result of the current situation. This influence can bring a delay or disruption of marriage plans or the betrayal of a mate or lover. Adopting a universal approach to love could bring success and happiness under this influence.

Your other Venus Card may tell you who or what the emotional or personal challenge or ending is about. Also keep in mind that a strong or powerful other Venus Card, such as a four, eight or ten, could mitigate the adversity of this card and bring about very positive results from a situation that may seem like a disappointment at the outset.

You can expect better relations with men and great success in any projects that you are passionately pursuing. As a matter of fact, this card guarantees success in every area of your life if you are willing to apply the wisdom he is bringing you now. If you are ready to take a leadership role in your work or business, now is the time.

You may also find that there are one or more men of the Spades suit for whom you feel some attraction or anger during this period.

Your other Mars Card may tell you who or what you are either feeling indecisive or creative about. It will also tell you the outcome of any creative pursuits during this period. Your 52-Day Jupiter Planetary Period Cards In Your Birth Card's Spread

Begins on 10/1/2022 and ends 11/22/2022

About the Jupiter Period Cards

The Jupiter Period is the one that falls in the middle of your personal year. During this period, the focus is usually on business and financial matters, though it is not restricted to these alone. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Our Jupiter Cards often tell us what or who are the biggest blessings of the year, especially along financial lines. If we involve ourselves in activities related to our Jupiter Cards, we could see an increase in our finances through those directions.

Direct

The Seven of Spades in the Jupiter Period

This period can bring on an illness related to worry about money or work, perhaps from overworking. You just might be overdoing things now and fear may be the reason for it. This can also indicate money spent or time lost through illness, but it has positive manifestations as well.

This card is a powerful spiritual influence giving you more than the usual energy to conquer your mundane problems through the application of faith, gratitude, wisdom, self-honesty and discipline. Any attempts to help others, or to adopt a more sincere basis for your work could result in greater prosperity for you now. This powerful card of 'faith' could also bring the realization of many of life's deeper mysteries.

Because this card falls in Jupiter, it is much easier to manifest its higher spiritual benefits. However, those who are very attached to circumstances turning out a certain way, or who are extremely materialistic by nature could still have some very difficult challenges when this card is present.

Vertical

The Eight of Clubs in the Jupiter Period

Your power of mind can bring you much success with money and business at this time. The proper application of education and knowledge will bring noticeable success with your business and people dealings. Your mental gifts are the source of your greatest benefits at this time. Success among groups of people is indicated such as meetings or places where you speak or teach. You have more power than usual now. Use it wisely for popularity and profit.

This is probably one of the best influences for increasing your financial gains this year, so be sure to take advantage of it. It works especially well for those who have some business of their own. But even if you are employed by someone else, your mental power could bring you a promotion or some form of greater success.

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and what is likely to happen. Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

Direct

The Ace of Clubs in the Saturn Period

This period may bring an unwelcome letter or news, perhaps from or about a sick person. Unfulfilled desires for knowledge or unrealized goals are also possible now. Projects, plans or ideas that begin now will be challenging and require more work than imagined. Success requires a serious and determined education, doing things halfway or sporadically will not work. To realize your educational goals you will have to be self-disciplined and focused. Distractions and a lack of focused effort could bring disappointments in this regard.

Vertical

The Two of Hearts in the Saturn Period

This period may bring a karmic relationship into your life. You may have a close friend or lover who needs your help to battle an illness or burden. They may, in turn, become a burden for you. Any intimate affairs begun now will likely have a fated quality about them and are likely to be challenging in one or more ways. The Auspicious Cycles and Event This Year In Your Birth Card's Spread

You Have Good Career Influences This Year

Because of the position of your Birth Card or Ruling Card this year, there are opportunities for you to achieve a larger measure of recognition in your work. Of course, if you are not career or business minded, this influence will have little effect on you. But for those who are trying to get more recognition or wish to become better known, this is a year when some of those dreams will come true. The cards in your Birth Card's Yearly Spread will rise up to the 'Crown Line' sometime this year and because of this, people will begin to pay more attention to what you are doing. You could achieve some sort of award or merely become more recognized in your field. Many people receive promotions during years such as these. Just how it will manifest will depend upon the nature of your work or aspirations. Knowing, however, that these influences are present, it would be advantageous to put more effort into becoming recognized.

Your Crown line periods are as follows

If your card displaces the Your Crown Line periods are:

Queen of Hearts Mercury, Venus and Mars
6 of Spades Venus, Mars and Jupiter
6 of Clubs Mars, Jupiter and Saturn
8 of Hearts Jupiter, Saturn and Uranus (also a Jupiter column year)
2 of Spades Saturn, Uranus and Neptune
4 of Diamonds Uranus and Neptune
4 of Hearts Neptune

This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth, they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Check the exact location of this Nine or Nines. The Pluto and Displacement positions will likely be more difficult while the Long Range, Result and Environment will be easier and probably more welcome.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes, we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your life are coming to an end in preparation for a new phase of development.

Study whatever Nines you may find in your Yearly Spreads carefully. Each one will reveal the specific areas that you may be encountering some important completions.

The A♣ tells us that you will have a strong desire for knowledge of some kind during this seven year cycle and that new plans, ideas, and forms of communication could have a major impact on you. You may throw yourself into some new educational pursuit, or some other Mercury-ruled activity such as writing, speaking, or teaching. You may purchase a new computer or be exposed to some advanced system of knowledge. This will probably mean that you begin some new job as well. This is a powerful indicator of new beginnings in many areas of your life.

Your natural curiosity is heightened now and this could lead you into many new ideas, concepts, beliefs and ways of communicating. With all the passion of this 'one' energy, try to stay relaxed.

All the Aces represent new beginnings. It is desire that sparks us to start something new in our life. The A♣ desire is to learn something, to acquire new knowledge, or in some cases, to embark on new ways of communicating with the world around you. About The Year-Long Influence Cards in your Birth Card's Spread

Each card in your yearly reading says something about a specific area of life. Some influence the entire year while others influence primarily a 52-day period of time. The cards above are those that influence the entire year. Because of this, they are always considered to be the most important cards of the yearly reading. Look to these cards for major themes and influences that will essentially dominate your attention this year.

Each of these three to five cards has a specific function and purpose and will tell you some different and yet important things about the year this report is for. Take your time as you read their meanings as well as the text that describes their individual importance and functions.

A general description of each of these five cards is as follows:

1. The Long Range Card - this card signifies what or whom is a major focus of your attention. Remember that this card is generally not positive or negative, just represents where your attention is focused.
2. The Pluto Card - this is something or someone who is challenging you this year, to make a change in your life. Sometimes it represents a goal you have that will cause this change.
3. The Result Card - represents a blessing that occurs as the current year draws to a close. If it is the card of someone you know, there is a strong chance you will be together with them in a significant way by your next birthday.
4. The Displacement Card - not every card has this, but most do and it signifies where you must put your energy this year to achieve more positive results in your life. Be ready to give to this card.
5. The Environment Card - again, most cards have this, but not all. It represents a helpful positive influence in your life this year. Allow this blessing to come to you.

NOTE: Only the family of 45 cards have Environment and Displacement cards each year. If your card is one of the family of seven (A♠, 2♥, 7♦, 8♠, 9♥, J♥, or K♠), you do not have these cards in your spreads. There are important reasons for this but mostly it is because your card is considered 'fixed' and does not move about like the family of 45.

The Eight of Diamonds as the Long Range Card

The 8♦ tells you that you will have a considerable amount of financial power this year. The power to make a lot of money is yours and you should find that you have more money than usual. Meetings for financial gain are also represented by this card. Perhaps you have some definite goals this year related to things you want to purchase. The 8♦ promises that you will have the money you need, when you need it. Be careful in your money dealings not to bully others or to force others to go your way all the time. Though you may have the power to do this, you will create negative vibrations in others that will someday come back to you.

The 8♦ is also known as the fame or 'sun' card and thus has been found to show up during years when one rises up to some new found prominence in one's work or profession. In most respects this is a great card that will bring you much of what you need or want.

Your Pluto and Result Cards This Year In Your Planetary Ruling Card's Spread

The Jack of Clubs as the Pluto Card

One of the major challenges for you this year is to develop the creativity to be successful in a mental field of interest, perhaps as a writer. The qualities of the Jack of Clubs are likely to have a direct role in your life this year, whether it is because you are acting as the Jack, trying to act as the Jack, or know someone who is acting as the Jack. It is even possible that all three are happening at the same time. These qualities revolve primarily around mental creativity, quick thinking and quick talking. This is an excellent influence for those involved in sales or promotions and it may be that this year you are trying to get more into this. Perhaps you are just wanting to get some better ideas about whatever work you are involved in.

Another aspect of the Jack of Clubs is that of being dishonest or less than truthful. For this reason, you may find events surfacing this year that relate to either your own dishonesty or that of others.

On a deeper level, the Jack of Clubs can represent an initiation into higher knowledge. So, for many with this card, there will be exposure to new ideas, forms of communications, or belief systems that cause a transformative effect on them. Some of these may even be spiritually based or have to do with personal development.

In any case, you will have to make a conscious effort to achieve your goal or to deal with these creative, youthful and often immature energies of the Jack of Clubs. Your Result Card will tell you more about these energies or point to someone who is directly involved in this challenge.

Affirmation:

I transform myself to become more mentally creative and successful this year. I begin an new and better life on an intellectual level.

The Pluto and Result Cards together represent the challenges of the year and those things and people that will transform us.

But as the year progresses and we meet these challenges, the Result Card turns into a blessing, a reward that we reap for the work we have done.

The Nine of Diamonds as the Result Card

This powerful card of 'Universal Values' guarantees that by your next birthday you will be less attached about money and have a new and broadened perspective about money that gives you more freedom and less concern than ever before. Somehow connected to your Pluto Card, you will learn and master the art of finances by the true knowledge of the nature of prosperity - that it follows cycles that go in and out and that only by flowing with it can we have peace of mind.

Affirmation:

I learn to release financial worries and to flow with the cycles of abundance in my life. I learn to give things away.

The Result Card is the powerful blessing at the end of the year and when someone's card appears there, it makes for a very strong chance of your ending up with them in some significant way.

Your Environment and Displacement Cards This Year In Your Planetary Ruling Card's Spread

The Six of Clubs as the Environment Card

This could be an important year for you in many ways that are more subtle and spiritual in nature. This is a year when you can listen to your inner voice and get important messages from your higher self. If you have always wanted to know what your life's purpose is, this is the year that you can make that discovery. This card often occurs at a key time in life when we realize our purpose. And for you, this purpose could entail bringing knowledge or wisdom to others.

You are displacing the Nine of Diamonds this year.

This will be a year in which you reach a point of completion in your life in some important areas and prepare to begin a new life on a new basis. This may entail the ending of a way of making money, a job, some relationships, or letting go of other things or people that you have valued for some time. If you are able to let go, you can expect something or someone better to show up very soon. If you hold on to the past, you can expect disappointments.

Your 52-Day Mercury Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 4/28/2022 and ends 6/19/2022

About the Mercury Period Cards

The Mercury Period is the one that always begins on your birthday each year. During this period, the focus is usually on communications, short trips here and there, educational pursuits, or the affairs of siblings and other family members. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Mercury Period Cards are usually of little consequence since Mercury itself is such a quick-moving influence. Therefore, events under Mercury will usually be short-lived, quick or sudden.

Direct

The Jack of Diamonds in the Mercury Period

During this period you are given the gift of a creative mind that can come up with some great ideas about how to make some money quickly. You may find some quick returns from investments, selling something, or some other form of marketing or promotion. This would be a great time to do some market planning for your business or to try one of your get-rich-quick schemes. You may find that one of these will involve one of the communications fields.

Vertical

The Six of Diamonds in the Mercury Period

This card indicates a lack of change in business affairs and a smoothing out in this area. Under a Six of Diamonds there is no escape from debts and obligations so if you owe money you may have to pay now. This works both ways. This influence does not support changes in business and you may find any travel plans or business changes get postponed until later. Be prepared to settle up financially with anyone that you owe money to, especially if they are related to education or your vehicle.

Direct

The Four of Diamonds in the Venus Period

During this period you will most likely have money to spend on luxury items to beautify your home or yourself, such as clothing. During this period you are likely to associate with successful people of financial means. With this influence you can make money in businesses related to the home, clothing, artistic, or beauty products as well as have much financial success with women. This generally indicates contentment in all financial matters.

This is such a powerful and stabilizing influence that it will produce very good results during this period, even if your other Venus Card is one of challenge or adversity.

Vertical

The Ten of Diamonds in the Venus Period

This card represents financial success connected to the arts, products for women or the home, some woman you know, or to your own lover or marriage. Any of these could be the source of a windfall of money. This could be great success for an artist. With this influence you will choose to spend more time with friends and lovers that are well-to-do. Your 52-Day Mars Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 8/10/2022 and ends 10/1/2022

About the Mars Period Cards

The Mars Period is the one that always begins approximately 104 days after your birthday each year. During this period, you are likely to have more physical and aggressive energies. For this reason, this is a good time to get involved in physical pursuits or to actively pursue your goals.

Mars Period Cards also govern our relationships with men in general and with any legal matters we are involved in. If you are involved in a legal suit of any kind, the Mars Cards will indicate the probable success or failure of these pursuits.

Direct

The Three of Diamonds in the Mars Period

This is a good influence for creativity and for getting new money making ideas. However, an aggressive impulsive nature could lead to financial or legal problems at this time. Stay focused and organized as much as possible to reach your goals. Tension combined with insecurity over money limitations could lead to many problematic situations now. You may have to wait until after this period to implement them because of an underlying impatience and lack of focus.

Your other Mars Card may tell you who or what you are either feeling indecisive or creative about. It will also tell you the outcome of any creative pursuits during this period. Remember that a 4, 8 or 10 as your other Mars Card will foretell very good results and a happy outcome during this period of active and aggressive creativity.

Vertical

The Four of Spades in the Mars Period

This card represents success in work, with men or in any work where drive, industriousness, and ambition are exerted. This is an indicator of a happy married life for females and an indication of organizational and executive ability that can be applied for great success. This card represents a successful outcome to a legal or tax matter and is good for lawyers and executives. You can overcome any ill influences now with determination and action.

This stabilizing influence of this card is powerful and will bring a happy period for you, even if the indications of your other Mars Card are more challenging. Even if your other Mars card indicated a challenge or problem, this card guarantees that you will overcome it and that the result will be a positive one. A successful card in the other position will further strengthen the influence of this card and could tell you who or what you will experience such satisfaction with during this 52-day period.

Your 52-Day Jupiter Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 10/1/2022 and ends 11/22/2022

About the Jupiter Period Cards

The Jupiter Period is the one that falls in the middle of your personal year. During this period, the focus is usually on business and financial matters, though it is not restricted to these alone. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Our Jupiter Cards often tell us what or who are the biggest blessings of the year, especially along financial lines. If we involve ourselves in activities related to our Jupiter Cards, we could see an increase in our finances through those directions.

Direct

The Three of Hearts in the Jupiter Period

An overabundance of charm and magnetism could lead to social or romantic problems during this period. Overdoing it romantically or scattering your interests could lead to relationships of questionable value and could even cost you money if you mix love and money together.

On the positive side, this energy is best used for success in social and business situations as you apply your charm to groups. The people you meet now could be very helpful in these areas. Sometimes this can also represent having two love interests at the same time. If so, the challenge could be just handling so much attention at the same time.

Vertical

The Queen of Spades in the Jupiter Period

This is a powerful spiritual influence that will also have a powerful and beneficial influence on your business and money situation. Through mastery of yourself you will be able to attract good luck into your life. This is the time to apply your organizational ability and to diligently work hard. Doing this could bring you more financial success than you realize.

The power of this card is manifested when we make changes in our inner attitudes and beliefs. You could be amazed at just how much success you could have now without having to change anything in your world, except yourself. This card brings the realization that everything stems from within us and the power to demonstrate that truth in our lives in a tangible way.

Any and all women who have Birth Cards of the Spades suit could be a financial or other blessing to you this year. Look to them for guidance and help.

Your 52-Day Saturn Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 11/22/2022 and ends 1/14/2023

About the Saturn Period Cards

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and what is likely to happen. Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

Direct

The King of Clubs in the Saturn Period

Though the Saturn period is usually the most difficult, this powerful card's presence will guarantee that you will meet with some success by applying your mental power, maturity and ability to make distinctions to situations at hand. The King of Clubs mind power can help solve health problems or any other difficulties that seem to place burdens on you now. Use it to heal yourself of any negative mental beliefs that may stand in the way of your happiness.

Be on the lookout for men of the Clubs suit, especially those who are older or who may be in positions of authority or responsibility. These are likely to prove troublesome or burdensome in some way during this period.

Vertical

The Eight of Hearts in the Saturn Period

This card gives you the power to overcome illness and to heal or help others if you desire. A lot of charm and emotional power are present for you now and this can be used successfully to further your career and financial goals. With the karmic influence of Saturn you may find that your own power to get what you want emotionally leads you into some difficult relationships, ones that perhaps reflect your own immaturity in handling this power.

This card is such a strong influence that it will override any negative influences present during this period. Even if your other Saturn Card were one of challenge or problem, this card guarantees that you will have a successful outcome and an overcoming of difficulties.

About the Uranus Period Cards

After the often grueling struggle of the Saturn Period, the Uranus Period usually comes as a welcome relief. Everything tends to lighten up and we tend to focus more on the people we hang out with both socially and at work. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Things often happen unexpectedly in Uranus or the things that happen have an unusual quality about them. Our Uranus Cards often foretell the success or failure of our relationships at work or in other circles.

Direct

The Eight of Diamonds in the Uranus Period

With this influence a sale of real estate could bring in a lot of money. This could also represent money made through employees, by using your gifts of intuition, or money made by or used for helping others in some humanitarian effort. In general you will have a lot of financial power with this influence and it may be either unusual in some way or be happening unexpectedly. You may also find money coming in from work with computers or advanced technologies of some sort and this would be a good time to purchase any new high-tech items on your list.

Because of the power of this card, it is almost a guarantee that this will be a very successful and prosperous period. Even if your other Uranus Card were one of challenge or difficulty, this card's power will overcome it and have a successful outcome to the situations that arise.

Vertical

The Six of Spades in the Uranus Period

This period will be marked by a lack of change in business, labor relations, a property deal, or your health, regardless of whether or not it was desired. It will take extra effort to initiate almost anything now so you may feel like you are stuck in a rut. This card is very good for psychics or natural healers as it bestows more of those gifts during this period. Your own intuition will be active and available to you if you choose to become aware of it.

This is such a powerful karmic influence that you may find that you have to face the consequences of one or more of your actions or words from the past. Things that are 'fated' often occur under the influence of the Six of Spades.

By tuning in to your most subtle thoughts and feelings now, you can make a strong connection to exactly what is your life's purpose, especially as it relates to your work and career.

Your 52-Day Neptune Planetary Period Cards In Your Planetary Ruling Card's Spread

Begins on 3/7/2023 and ends your next birthday!

About the Neptune Period Cards

Neptune is the last period, that always begins 52 days before your next birthday each year. This period is one of the best times to take a vacation, especially if that vacation will take you to a foreign country.

Our Neptune Card(s) often represent who or what are our 'hopes and fears' for the year. It can represent things that we secretly want or things that we may be afraid will come to pass. The Neptune Period is usually not a good time to make any definite decisions about our future as things often appear blurred from our point of view.

Direct

The Six of Hearts in the Neptune Period

You are not likely to travel under this influence, even if you have made plans to do so. Relax and enjoy the peace and tranquillity. Your home and family and close relationships should be a source of satisfaction now, so enjoy them. This influence does not support any travel or changes of any kind. Things at a distance will go smoothly now without changes. This influence can bring profound spiritual revelations if you tune in to your subconscious.

One of the possible benefits of this card in Neptune is that you could discover or deepen your life's purpose. All that is required is for you to tune in to your thoughts and feelings, especially when you are alone or meditating.

The Auspicious Cycles and Event This Year In Your Planetary Ruling Card's Spread

You can find your True Purpose this Year

There is at least one occurrence of a Six card in your reading in a prominent position (Long Range, Pluto, Result, Environment or Displacement). This might be in either your Birth Card Spread or one of your Ruling Card spreads. Either way, this gives you a special opportunity, but one that is only taken advantage of by those who are aware of it and are seeking a deeper direction for their life's work. This influence is most favorable when the Six is the Long Range, Environment or Result (Cosmic Reward) Card. If it is the Pluto or Displacement Card, it will require more of your energy and attention to manifest itself. You will need to be conscious about asking for this direction and keep that in the forefront of your mind throughout the year. In the other placements, it will just more or less come to you.

Sixes give us an opportunity to discover what our true purpose is for our life. Most people search their entire life to discover what their life is about and whether or not they have some special purpose or goal that they are to achieve during their time here on the planet. Many never find this purpose at all. Because of the presence of a Six card in a powerful position this year, you will have a special opportunity to discover what your purpose is. Of course, this only applies to you if you have the desire to know. If you are not that interested in knowing more about your life's direction, this will probably manifest itself as a year of steady progress towards existing goals. This information, this knowing which direction you should go, is something that you cannot make happen. It will just occur to you. So, your only job is to stay tuned and listen. Your inner voice will affirm it when it appears in front of you.

Sixes can be frustrating as well because they often represent static and unchanging conditions in our life. However, they also bestow upon us a special ability to perceive that which is usually hidden from our conscious minds. By listening to our inner voice, we can receive great inspiration and direction when these cards are present and you have at least one of them for this entire year. If you have more than one Six in a prominent position in either your Birth Card or Planetary Ruling Card Spreads, then this message becomes even more significant.

Study any and all Sixes that you find in these prominent positions this year, along with other Sixes that appear in your Yearly Spreads. They will reveal much about the special destiny that is coming your way. Good luck on your path to inner discovery.

This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth, they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Check the exact location of this Nine or Nines. The Pluto and Displacement positions will likely be more difficult while the Long Range, Result and Environment will be easier and probably more welcome.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes, we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your
